

KEKHOON

Testimonial

- ❖ This is the feedback: I am very impressed by Kekhoon's Chinese Wedding Betrothal Packages. They are very competitively priced and is also very comprehensive. I am especially impressed by Lawrence's depth of knowledge of the different packages which cater to all the Chinese dialects. This is my first time preparing for such an occasion and Lawrence's service was excellent. He went through the whole list of items in the package that I chose and explained the purpose of each in detail. After taking my order, the package was delivered promptly. Thank you Lawrence

He was helpful in informing me what to prepare for the Guo Da Li and made this a seamless and fuss free process. Thank you so much! It's great! I've recommended to my sister in law's brother who is getting married too.
